## **Portfolio Update**

#### **General Fund Portfolio**

- The portfolio is in compliance with the California Government Code and the District's Investment Policy.
- The portfolio remains well diversified with holdings of U.S. Treasuries, federal agencies, negotiable certificates of deposit, high-quality corporate notes, municipals, supranationals, asset-backed securities (ABS), Local Agency Investment Fund (LAIF), and the California Asset Management Program (CAMP).

#### **General Fund July Trade Activity**

- The District's portfolio management team continues to monitor the markets for opportunities to prudently enhance interest earnings while maintaining the foremost focus on safety and liquidity.
- The Treasury yield curve fell across all tenors in July. Benchmark U.S. Treasuries for 3-month, 3-year, and 5-year maturities finished the month at 5.28%, 4.06%, and 3.91%, with the 3-month maturity decreasing by 7 bps, the 3-year decreasing by 49 bps, and 5-year decreasing by 46 bps, respectively.
- During the month, PFMAM bought \$2.7 million in Corporate Notes, \$3.0 million in Federal Agency Commercial Mortgage-Backed Securities, \$2.2 million in U.S. Treasuries, and \$1.0 million in Asset-Backed Securities. The purchases for the General Fund totaled \$8.8 million.

## **Outlook**

- At the July Federal Open Market Committee (FOMC) meeting, the Federal Reserve (Fed) left the federal funds target rate unchanged at 5.25% to 5.50%, which was in line with expectations. However, the Committee's accompanying statement highlighted a transition to a more balanced consideration of both parts of its dual mandate of maximum employment and price stability. Furthermore, Fed Chair Powell hinted that a rate cut could be on the table at the September meeting.
- While the pace and magnitude of future Fed cuts is even more uncertain following the July labor report, we have held the view for some time that rates have peaked and Fed rate cuts are coming before the end of the year. Given that view, we have held portfolio durations near 100% of benchmarks for several months.
- Our current views on various sectors of the high-quality fixed income markets are described below:
  - U.S. Treasuries: U.S. Treasury yields between 2- and 10-years finished July down approximately 35 to 50 basis points (bps) as markets digested broad economic cooling and prepared for the beginning of the Fed rate cut cycle.
  - Federal Agencies and Supranationals: Spreads on federal agencies and supranationals remain near multi-year tights. Issuance is expected to remain quiet going into the summer, and we expect further reductions in allocations in favor of other sectors.
  - o **IG Corporates:** Investment-grade (IG) corporate bonds grinded out a modestly positive excess return relative to U.S. Treasuries in July as income in the sector more than offset slight spread widening. Yield spreads remain on the tighter side through July and valuations appear expensive, but demand has been robust. As a result, we plan to continue to trim on the margins while taking advantage of attractively priced new issues..
  - Asset-Backed Securities (ABS): Asset-backed securities (ABS) generated flat excess returns for the month. Issuance has been strong, but expectations are for new deals to taper off as the election and year-end approach. We will likely maintain allocations while allowing principal paydowns to provide modest reinvestment opportunities.
  - Mortgage-Backed Securities: Mortgage-backed securities (MBS) and agency-backed commercial MBS (CMBS) were one of the best performing high-quality IG sectors in July. Spreads in many corners of the mortgage-related market narrowed in July and approached 12-month narrows. Lower rates are a net positive for the MBS sector.

Market prices are derived from closing bid prices as of the last business day of the month as supplied by Refinitiv or Bloomberg. Prices that fall between data points are interpolated.

Market value for LAIF is derived from the NAV posted quarterly on the LAIF website.

In June 2020, the Local Agency Investment Fund (LAIF) authorized the establishment of a secondary LAIF account under the authority of the Coronavirus Aid, Relief and Economic Security (CARES) Act, subject to certain restrictions. Funds on deposit in the secondary LAIF account are subject to a separate \$75 million limit. Thus, the current LAIF limit for the District's aggregate funds, including the secondary LAIF account may be \$150 million.
