- Operates chainsaw, weed eater, leaf blower, lawnmower, street sweeper and scrubber.
- Knows and follows the safety and health rules and safe working practices applicable to his or her job.
- Establishes and maintains effective working relationships with District employees, customers, vendors and all others contacted during the course of work using principles of excellent customer service.
- Performs additional related duties as assigned
- Regular and reliable attendance and performance is required

Required Knowledge, Skills and Abilities

Knowledge of:

- Occupational health and safety rules and working practices applicable to this position.
- Methods, tools and practices of construction labor.

Ability to:

- Understand and carry out oral and written instructions.
- Work cooperatively with others.
- Drive manual clutch vehicle.

Minimum Qualifications

Education and/or Experience:

- Two years' recent full time position in construction, concrete, carpentry, or gardening as a Laborer.
- Solid knowledge of tools and equipment used in the above mentioned fields.

Required Licenses:

- Must obtain a Class B driver's license to drive heavy equipment, within 6 months of hire.
- Must possess and maintain a current, valid California driver's license and satisfactory driving record.
- No reckless driving and DUI within the last 7 years. No more than 2 moving violations within the last 3 years. Operates District vehicles on a regular basis.

Physical Requirement:

Work is performed outside in varying weather conditions. Must be able to perform heavy manual labor. Ability to load and unload materials. Work may be performed under hazardous traffic conditions. Must be able to stoop, kneel, bend, lift, carry and manipulate up to 50 pounds. Must be able to work at heights, as it requires occasional climbing on 12-foot ladders and/or scaffolding. May work in areas where poison oak may be present. Will be required to wear a respirator, or other safety gear. Work around fumes, odors and dust in an occasionally high noise level environment with appropriate personal protective equipment. Must be willing to work overtime.

This position may have a potential for or actual exposure to lead. Pursuant to OSHA regulations, District employees are not exposed to lead at concentrations greater than 10 micrograms per cubic meter ($\mu\text{g}/\text{m}^3$) of air averaged over an 8-hour period.
